

# PETER L. MICHAELSON, ESQ., F.C.I.ARB.

## ARBITRATOR AND MEDIATOR

**Pete Michaelson**, an ADR neutral, attorney and ex-engineer, arbitrates and mediates complex, often high-stakes, international and domestic *IP* and *technology-related* disputes. These encompass: patent, trademark, IT, telecom, infrastructure, energy (including oil/gas) and other commercial matters.

Pete is an approved arbitrator and mediator for the USDC-EDNY and an approved mediator for the N.J. Superior Court, and a panelist for various widely respected domestic and international ADR organizations, including:

- CPR
- World Intellectual Property Org.
- ICC
- London Court of Int. Arbitration
- HKIAC-ADNDRC
- ICDR
- AAA (Commercial, LCC panels)
- Chartered Institute of Arbitrators
- British Columbia Int'l Comm. Arb. Centre
- Financial Industry Regulatory Authority (FINRA)

Pete is also a Fellow and Chartered Arbitrator of the Chartered Institute of Arbitrators (UK), Fellow of the College of Commercial Arbitrators (US) and Fellow (arbitration and mediation) of the Australian Centre for International Commercial Arbitration, and an accredited mediator for CEDR (UK). M-H "AV" rated Attorney with Peer Review Rating of 5.0 out of 5.

### Substantial matters handled:

- **Arbitrated**, as sole arbitrator, a US contract dispute concerning a demand-side, energy load management system with damages claimed of US \$107 Million.
- **Arbitrated**, as chair of a three-person panel, a US patent dispute involving a genetically-engineered pharmaceutical drug then having cumulative sales of over US \$ 4 Billion.
- **Arbitrated**, as a member of a three-person panel operating under the UNCITRAL rules, a bilateral investment treaty (BIT) dispute between a US telecommunications company and a foreign government involving alleged governmental expropriation of a national telecommunications network, with damages claimed of approximately US \$150 Million.
- **Arbitrated**, as a member of a three-person panel, a US patent dispute involving coronary stents, with multiple patents at issue, between two major multi-national competing medical device manufacturers with potential liability estimated between US \$400-800 Million.
- **Mediated** an international patent dispute involving both mechanical and electronic aeronautical technologies, with multiple patents at issue, between two large aircraft manufacturers with potential liability to each side of approximately US \$300 Million.
